Sold Secure Gold Rating

Bicycles with value above: £1,000+

We will accept ANY specifically designed bicycle, motor scooter or motorcycle lock which has been tested and approved to: Sold Secure Gold rating, or a Thatcham approved motorcycle lock.

Top Security Tips

Leaving your bike unattended away from your home?

- Always lock your bike through the frame to an immovable object with an approved lock.
- If possible lock your bike to cycle racks in busy, well-lit areas.
- Take any accessories with you such as lights, bike computers and pumps.
- Don't leave it unattended for more than 12 hours at any one time, or 24 hours if it's locked at a train station or your work place.

Keep your bike in the garage or shed?

Make sure it's locked through the frame to an immovable object within the building with an approved lock. External access to your shed or garage should be secured by a 5-lever mortice deadlock (to BS3621 standard), a Sold Secure gold-rated lock or a CEN5 rated padlock.

Keep your bike in a communal hallway where you live?

Again, make sure it's locked through the frame to an immovable object within the hallway with an approved lock.

Pedalsure.

Please check your lock at soldsecure.com for its rating. Your bike value determines which rating is required as outlined in this document. If you have any doubt which lock is required then please email locks@pedalsure.com.

We accept Thatcham approved Motorcycle Locks for all Bike values.

Please familiarise yourself with your policy document for the full terms of your policy with us to make sure you're covered should you need to make a claim.

Leaving your bike outside at your home or in a council bike hangar?

Don't leave your bike outside, no matter how well it's locked. It won't be covered for theft if you do.
